Hop Bitters Company:

I am seventy-four years old, have tived Chirtyfour years in Philadelphia, and well known among . Germans. I have been troubled twelve years wi a white swelling on my right foot, and gettin worse every year, and very painful, and breaking and they told me it was incurable, and I wo have to take it with me to the grave. Some tim ago I lost my appetite, was costive, had headach and fever; in fact, was very sick. I saw in the German Democrat that Hop Bitters was what I needed. I got a bottle, took it one week, and w as well again as ever, and to my greatest surpris right from the first my swelling went down gradnally, and I taking another bottle, got entirely well of it. The wife of my neighbor had two such swellings on her legs, and three bottles cured her.

WICKED FOR CLERGYMEN.
"I believe it to be all wrong and even wicked for elergymen or other public men to be led into giving testimonials to quack doctors or patent mediclines, but when a really meritorious article, composed of valuable remedies known to all, and that
all physicians use and trust in daily, we should freely cotamend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them."

Rev. B. R.—,
Washington, D. C.

A good Baptist clergyman of Bergen, N. Y., a strong temperance man, suffered with kidney trouble, neuralgis, and dizziness almost to blindness over two years after he was advised that Hop Bit-

ters would care him, because he was afraid of and prejudiced against the word "bitters." Since his cure he says none need fear but trust in Hop Bit-

se of Hop Bitters, and I recommend them to my people,-Methodist Clergyman, Mexico, N. Y. I had severe attacks of gravel and kidney tropble: was mable to get any medicine or doctor to cure me antil 1 used Hor litters, and they cured me in a short time.—A distinguished lawyer and

THE STANDARD MINERAL WATER.

A specific for DISORDERS OF THE STOMACH, LIVER AND

So enviable a name has this famous Mineral Wates that the managers of inferior mineral springs, destrous of imitating the natural purity of the bottled water of Congress Spring, inject a powerful acid in their bottled water to preserve the crude ingredients in solution, being so heavily laden with LIME AND IRON DEPOSIT.

With such contrivances bogus testimonials and doctored analysis cards, they seek to rivat the pure

after paluful experiences. In proof of this fact we can produce a great many responsible names. But the Saratoga visi ors without experience, and many who use the bottled waters (often labelled as curatives for disorders which they positively agentraives for disorders which they positively ag-gravate), should remember that crude, harsh min-eral waters produce headache, a sense of burning and laternal irritation, and do irreparable injury to the digestive organs and kidneys.
